#### Description

- Change the label "Case notifications (new cases)" to "Case reporting"
- Add a check box at "Case reporting" called "Cases not closed" to be displayed underneath the filters for month and year
- When checked, this check box should follow the rule: includes cases with registration date equal or earlier than the final month/year and cases without outcome date; and excludes cases with outcome date earlier than the initial month/year
- This check box could be used along the existing check boxes for dates
- Delete the "Case notifications (new and re-treated cases)" report
