eTB Manager - Bug #13

Bug # 774 (Closed): Change field on medical consultation page

Cases - Medical Consultation - fields "Is patient taking the prescribed medicines correctly?" and "Reason"

07/13/2012 05:17 PM - Anonymous

Status:	Closed		**Start date:**	07/13/2012
Priority:	Normal		**Due date:**	07/20/2012
Assignee:	Luis Gustavo do Valle Bastos		**% Done:**	100%
Category:			**Estimated time:**	1.00 hour
Target version:	Version 2.1		**Spent time:**	0.00 hour
Component:	Case Management			

Description

1. 'Is patient taking the prescribes medicines correctly' - not be made mandatory as the patient may not be on treatment
2. If 'No' to the above then make 'Reason' mandatory

History

OR

Render the field "Is Patient taking...' only for patients who are on treatment.

#4 - 06/25/2013 05:38 PM - Luis Gustavo do Valle Bastos

- Subject changed from Cases - Medical Consultation - fields within to Cases - Medical Consultation - fields "Is patient taking the prescribed medicines correctly?" and "Reason"

- Status changed from Resolved to Feedback

- Assignee changed from Anonymous to Ricardo Memoria

- Parent task set to #774

For MSH Demo:

When cases or suspects aren't on treatment, the field "Is patient taking the prescribed medicines correctly?" has not being displayed, but the complimentary field "Reason" is still being displayed. Please, also remove the field reason when cases or suspects wouldn't be on treatment.

Fore the other workspaces:

- The field "Is patient taking the prescribed medicines correctly?" has being displayed even when cases or suspects aren't on treatment.
- The complimentary field "Reason" appears too close to the field "Is patient taking the prescribed medicines correctly?" and with the label "Cancelation reason". Please, correct both as defined for MSH demo above. See issue #774.

#5 - 02/14/2014 05:07 PM - Ricardo Memoria

- Status changed from Feedback to Resolved

- Assignee changed from Ricardo Memoria to Luis Gustavo do Valle Bastos

Fixed and available for testing in dev server
