<b>Target version:</b>	Version 3.0	<b>Spent time:</b>	0.00 hour
<b>Description</b> <p>After the forecasting is executed users could check or uncheck medicines at the Stock of Medicines tab in parameters and execute the forecasting again.</p> <p>Once the medicine is unchecked it does not erase the cases using that medicines, they would be just not consider for calculation. The cases can return if user re-check the boxes.</p> <p>This changes should be reflected in the bars at the Dashboard and also as an observation at the top.</p> <p>This issue is related to issue <a href="#">#1577</a>.</p>
