Description			
Implement a search box in the app toolbar to search for patients, units, regions, etc.			
This is a convenient way to quickly move to the entity home page.			

History

#1 - 06/24/2016 02:39 AM - Ricardo Memoria

Search options shall display just admin units, units and patients that are part of the user's view.

Today user can search for any patient, unit or admin unit registered in the system. System is ignoring the user view defined in the user configuration.
