Description			
Modify the message to:			
This version of QuanTB uses the minimum stock level to calculate procurement requirements so information about buffer stock has been removed. Please recalculate and adjust the minimum stock level if necessary.			
The first part remains the same for all languages so only the second sentence is translated to the respective languages:			
Chinese: XXXXXXXXXXXXXXXXXXXX			
French: Prière de re-calculer et d'ajuster le niveau de stock minimum, en cas de nécessité			
Spanish: Por favor volver a calcular y ajustar el nivel mínimo de existencias si fuese necesario.			
Portuguese: Por favor, recalculer e ajustar o nível mínimo de estoque, se necessário.
