Description

AAA) Indicators needed at NMRC
1.   Average number of days taken to evaluate and approve regulatory applications, (may need for break down days for screening and evaluation by reviewers)

2.   % of Nemlist medicines out the total registered medicines (Note that this is from medicines not from all registered products. All registered products include human medicines, veterinary medicines and Complementary medicines). NEMLIST is only for HUMAN MEDICINES

3.   % of applications approved

<<< SOLUTION
For Registrar Introduce feature Dashboard accessible from new Dashboard menu
Place each indicator to a separate menu item
For any given indicator tab provide:
possibility to select year from first registration until current
possibility to select type of medicine (Human, Veterinary, Both)
table with quarterly values and yearly value (rows are type of medicine + total row!)
