- Due date set to 03/15/2013
- Status changed from New to Resolved
- % Done changed from 0 to 100

##### #2 - 03/18/2013 05:07 PM - Luis Gustavo do Valle Bastos

- Status changed from Resolved to Feedback

The position were changed, but now the user can move the entire columns and reverse back the position of the columns regimen and composition.

My suggestion is to fix the columns (not allowing to move the division line or the entire column)and keep larger space for regimens than composition.
