All fields (including the comments) should be displayed in the Additional information page. Maybe could use a lay-out similar with the contacts evaluation to accommodate all data in the screen.

Keep the field "Month of treatment" in the additional information page, but display also the related Start date.

**#8 - 07/09/2013 08:15 AM - Ricardo Memoria**

- Assignee changed from Ricardo Memoria to Luis Gustavo do Valle Bastos

It's the same standard used in all exams of the system as well... Maybe we should change the way the month of treatment is displayed in English for the generic version.

For example: Instead of

23# month of treatment

Should display

23th month of treatment

**#9 - 07/09/2013 11:50 AM - Ricardo Memoria**

- Status changed from Feedback to Resolved

Changed to use  
1st month of treatment  
2nd month of treatment  
3rd month .....

and so on

**#10 - 12/30/2013 10:46 AM - Luis Gustavo do Valle Bastos**

- Status changed from Resolved to Closed

Tested and adequate.
