Category:		Estimated time:	0.00 hour
Target version:	Version 2.1	Spent time:	0.00 hour
Component:	Medicine Management		
Description			
The field Batch.quantityReceived is just used in a new medicine receiving. It's not used in any other point in the system, and its value can be easily calculated from information in other tables.			
So this field can be removed with no side effect in the system.
