

eTB Manager Vietnam - Bug #954

Patient search

10/25/2013 02:35 PM - Luiz Fernando Avelino

Status:	Resolved	Start date:	10/25/2013
Priority:	Urgent	Due date:	
Assignee:	Luiz Fernando Avelino	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Pilot	Spent time:	0.00 hour
Component:			
Description			
System isn't searching for the patient when using their names, at the main page of e-TB and also when we try to register new suspects/cases. This can become a big problem (duplication of names in the platform).			
The only mechanism working for searching Patient's name is using their registration number.
